

The Value of Premarital Counseling

- 1 - It will help you to prepare for marriage . . . not just a wedding.
- 2 - It will enable you to discuss some things together that need to be addressed before you are married.
- 3 - It will help both of you work toward a common goal of oneness in your marriage.
- 4 - It will give you some vital tools you can use throughout your married life.
- 5 - It will help you and your future spouse develop the art of communication.
- 6 - It will help you understand yourself and your future spouse.
- 7 - It will correct any faulty ideas you may have about marriage.
- 8 - It will help you deal with or avoid many of the common difficulties encountered in marriage.
- 9 - It will allow you to have a well-planned, less stressful wedding day.
- 10 - It may even help you to see that getting married is not the right thing to do at this time.
