

Baptism - Who Should Be Rebaptized? - Part 1

Matthew 28:19-20

SIX OBSERVATIONS ABOUT PEOPLE CONCERNED OVER THE VALIDITY OF THEIR BAPTISM

- 1 { At Some time or place in their past they have submitted to some form of “baptism.”
- 2 { They are entertaining some serious thoughts about either the form of their baptism or their motives at the time they were baptized.
- 3 { They realize that baptism is too important to their salvation to be handled carelessly.
- 4 { They are tender enough in heart to know that they do not want to continue through life not being sure they are saved.
- 5 { They want the baptism that is acceptable to God and will grant them the remission of their sins.
- 5 { If their first baptism, for whatever reasons and circumstances were invalid, they will not delay in wanting to be scripturally baptized into Christ.
