

# Creation - Part 2

Genesis 1:1

## **EVOLUTION IS A FALSE THEORY**

Matter and life are here as the results of a vast accident, cause by no outside force. Man is an accident, not accountable to higher power; an offspring of lower forms of life.

## **THEISTIC EVOLUTION = FALSE DOCTRINE**

An attempt to harmonize the Bible with the theory of evolution. There must have been eons of time at some place in our history.

## **DOES IT REALLY MATTER?**

If we can't believe God concerning creation, can we believe Him concerning our salvation?

**IF EVOLUTION IS TRUE, THE BIBLE IS FALSE ... AND THE BIBLE IS TRUE!**
