

## Why Fire Trucks are Red . . .

---

Do you know why fire trucks are red? Well, fire trucks have four wheels and eight men. Four and eight make twelve. There are twelve inches in a foot. A foot is a ruler. Queen Elizabeth is a ruler. And, “Queen Elizabeth” (QE-2) is the largest ocean liner on the seven seas. Seas have fish. Fish have fins. The Finns fought the Russians. The Russians are red. Fire trucks are always “rushin.” Therefore, fire trucks are always red.

If you think that is wild, you ought to hear some of our members trying to explain why they are not attending Bible Study. Also, if you think that is wild, you should hear some of our brethren trying to twist Scriptures to get the Scriptures to teach what the brethren want taught that the Scriptures do not teach in the first place . . . Never have , , , And never will! Their attempted explanations make about as much sense as this explanation as to why fire trucks are always red.
